EDUCATION

Faculty of Computer Information Sciences - Mansoura University 2021-2025

SUMMARY

A passionate full-stack web developer with 2 years of experience has built up variety of huge websites , highly experienced in problem solving and designing layouts.Equipped with a diverse and promising skill set Proficient in an assortment of technologies, including Javascript,React js, tailwind css, Redux tool kit, and more. I am able to effectively self-manage during independent projects as well as collaborate in a team setting.

Technical Skills

- HTML CSS SASS Tailwind
- React/React Query/React Router
- Next js/Typescript
- Redux/ReduxToolkit/Framer-motion
- JavaScript OOP MVC
- Data structures and algorithms

WORK EXPERIENCE

- worked as a freelancer and built up couple of web pages and a portfolio for a graphic designer to show its work

PROJECTS

My-Portfolio | React,tailwind,framer-motion 🔄 [Github ripo](#) 🌐 [DEMO](#)

Movie-Boi | React, React router, React query, tailwind,framer-motion

🔄 [Github ripo](#) 🌐 [DEMO](#)

- React Web App Developer - Entertainment Hub:Designed and developed a React-powered web app seamlessly blending movies, anime, cartoons, actors, companies, and series. Enabled intuitive catalog navigation with search, sliders, and filters. Implemented episode data retrieval, including videos and photos, with season filtering and rating sorting. Users can upload reviews and ratings visible to all, with a personalized "to watch list" transforming the viewing experience. Explored actor and company details and integrated a custom video player for trailers and behind-the-scenes content, showcasing my expertise in React development for an immersive entertainment platform.

Gaming-Castle | HTML, SASS, Css, Javascript

🔄 [Github ripo](#) 🌐 [DEMO](#)

- more than 500k games with details screenshots tags similar games everything clickable typing JavaScript by MVC and oop.Search with suggestions pagination and filters Sliders Zoom photo on click Wish list responsive design and more....

Promptobia | React,Next js,Mongo Db, Tailwind

🔄 [Github ripo](#) 🌐 [DEMO](#)

- a responsive and dynamic platform empowering users to effortlessly upload, edit, and delete prompts. The tagging system ensures efficient organization, while user profiles foster a vibrant community where enthusiasts can connect, share, and elevate their AI experiences. With secure Google authentication, seamless onboarding is guaranteed.

The wild oases |Dashboard ,React router, React query, React hook form, tailwind CSS 🔄 [Github ripo](#) 🌐 [DEMO](#)

- NOTE!! use my email with 00000000 password to log in
- Admin Dashboard ability to edit, delete, and add bookings or cabins, I integrated modern charts for insightful statistics. Ensured data accuracy through user-friendly forms with robust error handling. Proficient in cutting-edge technologies, I created a secure and scalable solution, showcasing my commitment to innovation in hospitality management.ability to Log in log out and sign up new accounts using real email verification with passwords.React router to transition between different pages As a SPA and react query to handle the remote state

The World Wise App | ,React router,Redux

🔄 [Github ripo](#) 🌐 [DEMO](#)

- website to search cities and write down memories in an interactive map using react leaflet library

Certificates and course

CS50x: CS50's Introduction to Computer Science

[Certificate Link](#)

- Learned how to be an expert programmer with a strong fundamentals in the art of programming and solved all of difficult the very problems the course offer.

The Complete JavaScript Course 2023: From Zero to Expert!

[Certificate Link](#)

- gained a huge experience with programming in java script and building huge websites and web apps based on object oriented programming , working with JSON and more.

The Complete React Course 2024: React ,Redux and More!

[Certificate Link](#)

- Learned to build huge websites in react in 1 month doing alot of great projects and coding it alone , learned to work with a variety of react technologies like react router , react query, redux,redux tool kit and more!
